Hi Sue,

We just wanted to share David's comments on the reproductive and developmental section with you. Although you won't get to this right away, it might be easiest to consider his comments at the same time you make your other changes.

Enjoy!
Andrew

I did have some comments.

Ex. 5 Deliberative Process (DP)

See attached markup.

Mostly the substance seems to be there.

I got a good impression of balance in presentation.

David

Subject: repro section comments?

Hi David,

Did you have any comments on the reproductive/ developmental section of formaldehyde (I remember you saying you had some you would send)?

Barbara and I are meeting with Sue in about an hour to discuss the section, and we could raise comments you might have at that meeting as well.

Thank you,
Andrew and Barbara
